

## Calimero

### Your eCom test tool

Kurt Herregodts

eCom manager GS1

# Concept of Calimero

- Web based test engine
- Allow users to test syntax of 3WMM ideal messages based on EANCOM 2002
  - ORDERS
  - DESADV
  - INVOIC
- Test basic content
- Validation of GS1 identification keys (GTIN, GLN)

# Advantages of using Calimero ?

- Unlimited number of tests possible
- Free
- On line or via E-mail feedback on possible errors
- Internal testing before sending the eCom message to your business partner

Belgilux

# Procedure - input

**TestRobot Calimero**

User ID (Company GLN - required)

Cut and paste the document to check and press the "Start Processing ..." button. Check the result in the message box or

Extended syntax check message (verbose)  
 Show result in new window (printable version)

email result to :

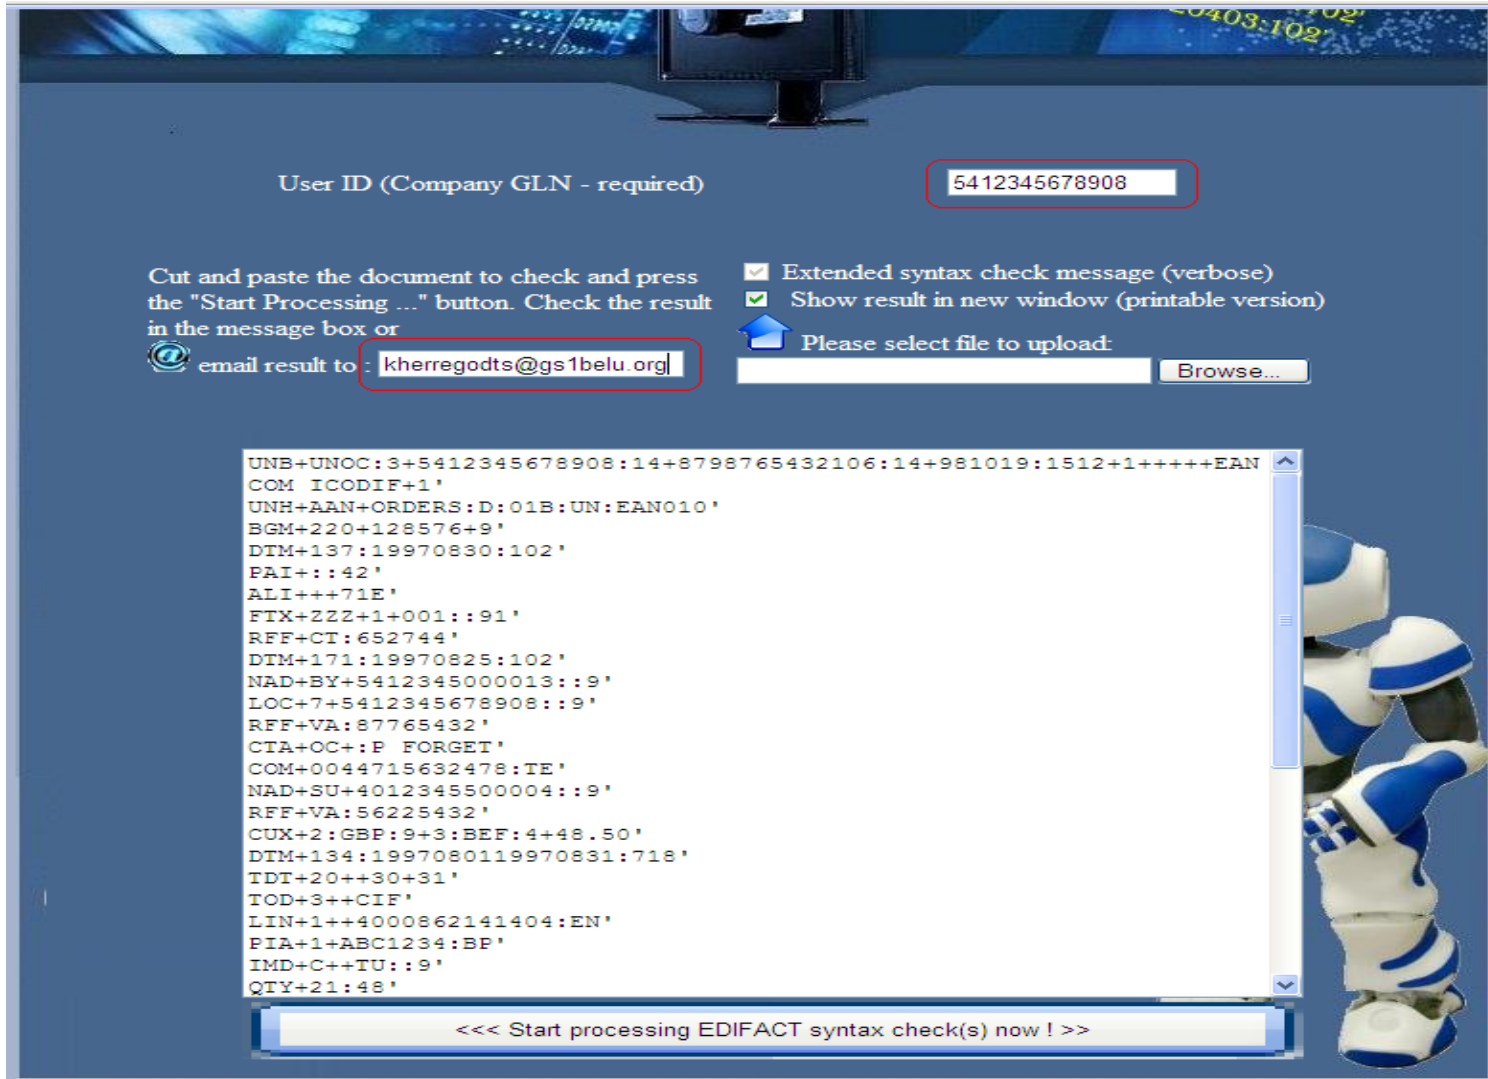

Please select file to upload:

Paste EDI document here !
