
My Locations Manager

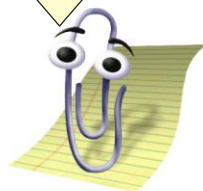

*A long time ago in a
galaxy far, far away...*

GS1 created the GLN

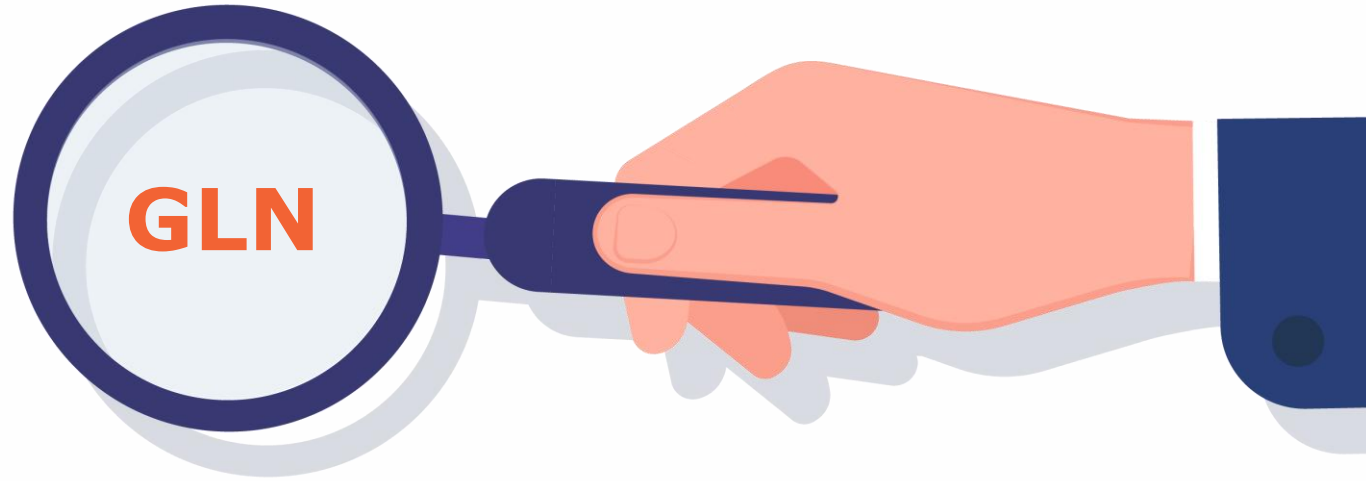

I remember
when life
was this
easy...

More granular identification

Not just physical locations anymore...

☐ Organisation

Any business, government body, department, charity, individual, or institution that has standing in the eyes of the law and has the capacity to enter into agreements or contracts.

☐ Department

An organisational subdivision or department that is most commonly segmented based on the specific tasks being performed, as defined by the organisation.

☐ Fixed Physical Location

A tangible place represented by an address, coordinates or other means that is expected to stay in the same location for its entire lifecycle.

☐ Mobile Location

A location that is expected to change its place such as a foodtruck.

☐ Digital Location

An electronic address that is used for communication between computer systems such as an API entry point.

Verified by GS1

Verified by GS1

Verified by GS1 makes it easy to search, look up and verify information about any barcode number (GTIN, UPC, EAN), location (GLN), company or other GS1 key (SSCC).

Verify Product

Search by Global Trade Item
Number (GTIN)

Verify Location/party

Search by Global Location
Number (GLN)

Verify other keys

Search by other keys

Find company

Search by company name and
country

Search

Example search: 9506000140445
