European Deforestation Regulation (EU DR)

What about deforestation free chocolate?

Three requirements

Geolocation of plots

Unique reference number

Geolocation of plots

Cocoa beans are kept **separate**

Importer submits due diligence statement

Large manufacturers must check and submit

Large companies must
check and submit

Potential company experience

Share essential EUDR information = fields that can be added in existing GS1 data structure

Unique reference number of submitted Due Diligence Statement

Identification of company

Role (under the EUDR):

- *operator*
- *trader*
- *or authorized representative (for operator or trader)*

Geolocation:

coordinates of the plot(s) of land where the commodities were produced

User needs

Authorities

Check compliance

Companies

Reduce sustainability impacts
& financial risks

Consumer

Make better informed
purchasing decisions

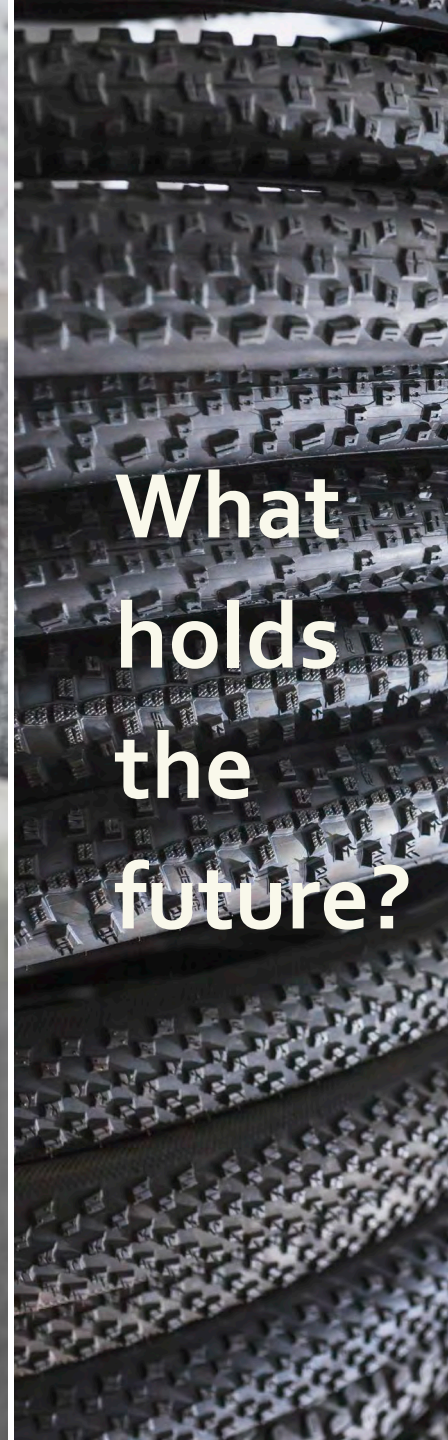

GARBAGE RECYCLING

Recycling is a crucial component of sustainable living, playing a significant role in preserving our environment and conserving valuable resources. As the global population continues to grow, so does the amount of waste generated. Recycling offers a responsible and eco-friendly way to manage this waste while mitigating the impact on the planet.
